CURRICULUM VITA

Name: Jeanne D. Joseph

Title: Research Chemist (Retired)

Social Security No.: 264 44 4525

Home Address: 14 Wynecreek Ave., Charleston, SC 29412

Education

Institution	Date	Degree	Field of Study
Florida State University Tallahassee, FL	1948-52	BS	Physiology
Florida State University	1952-53		Physiology/ Biochemistry
Tulane University New Orleans, LA	1953-54		Physiology/ Biochemistry
Florida State University	1954-55		Physiology/ Biophysics

Research/Professional Experience

1952	Canadian National Research Council Summer Research Fellowship, Queen's University Biological Station, Chaffey's Locks, Ontario, Canada
1952-53	Graduate Teaching Assistant, Florida State University
1953-54	Graduate Research Assistant, Tulane University
1954-55	Graduate Teaching Assistant, Florida State University
1959	Instructor in Cellular Physiology, Birmingham Southern College, Birmingham, AL
1969-71	Research Assistant in Lipid Biochemistry, Virginia Institute of Marine Science, Gloucester Point, VA
1972-73	Affiliate Marine Scientist, Marine Resources Research Institute (MRRI), Charleston, SC
1973-78	Assistant Marine Scientist, MRRI, Charleston, SC
1978-94	Research Chemist, National Marine Fisheries Service, (NMFS) Charleston Laboratory, Charleston, SC

Honorary/Professional Societies

Sigma Xi
American Oil Chemist's Society (AOCS)

Awards

1991	Honorable Mention, Smalley Check Sample Program, AOCS
1985	Honorable Mention, Outstanding publication in Marine Fisheries Review, NMFS
1986	Special Act Group Award, NMFS
1991	Collaborative Study of the Year, Association of

BEST AVAILABLE COPY

Official Analytical Chemists (AOAC)
1990-93 Outstanding/Commendable Performance Awards, NMIS

Major Professional NMFS Duties

- 1978 - Develop state-of-the-art marine lipid analytical laboratory; oversee operation and output.
- 1985 - Develop process for production of biomedical test materials from fish oil (refined oil, omega-3 concentrates, purified EPA and DHA); implement and oversee pilot scale production.
- 1991 - Enhance small-scale laboratory Marine Biotoxins project into a national NMFS program; coordinate workshop on marine biotoxins and harmful algae (Sponsored by NMFS Charleston Laboratory and Woods Hole Oceanographic Institution); determine specifications for state-of-the-art mass spectrometer and nuclear magnetic resonance spectrometer, write and submit RFRs for each.

Professional Extramural Activities

- 1980 Co-convenor and session chair. Marine Lipid Symposium. Joint meeting of the AOCS and the International Society for Fat Research.
- 1984 Convenor and session chair. Lipid Recovery Symposium. Annual meeting of the AOCS, Dallas, TX.
- 1986 Invited speaker. Short Course on Marine Lipids and EPA. AOCS, Kona, HI.
- 1988 Co-coordinator (with R.G. Ackman). Collaborative study on the analysis of marine fatty acids by capillary GLC. AOAC.

Peer Reviewed Publications

- Denves, H.A. and J.D. Joseph. 1956. Relationships between temperature and blood oxygen in the large mouth bass. J. Wild. Management. 20:56-64.
- Wasserman, K., J.D. Joseph and H.S. Mayerson. 1956. Kinetics of vascular and extravascular protein exchange in unbled and bled dogs. Amer. J. Physiol. 184:175-182.
